Kumari Selja, Hon'ble Minister, Ministry of Culture and Housing & Urban Poverty Alleviation arriving to lay the foundation stone of the Head Office building of the Anthropological Survey of India at the Salt Lake, Kolkata. Mrs. Sangita Gairola, Secretary, Ministry of Culture was on the right while Prof. K.K.Misra, Director, Anthropological Survey of India was on the left to the Hon'ble Minister.
Foundation Stone Laying Ceremony of the Head Office Building at the Salt Lake premises of the An.S.I. Kolkata

Kumari Selja, Hon’ble Minister, Ministry of Culture and Housing & Urban Poverty Alleviation, Govt. of India laid the foundation stone for the Office Building of the Head Office of the Anthropological Survey of India on 10th October at the Salt Lake premises of the Anthropological Survey of India, Kolkata. The ceremony was also attended by Mrs. Sangita Gairola, Secretary to the Govt. of India, Shri Sanjiv Mittal, Joint Secretary to the Govt. of India, Ministry of Culture and many officials of the Union and State Government, as well as a few prominent citizens of Kolkata.

FROM THE DIRECTOR’S DESK

It is indeed a pleasure to present to you the October-December, 2012 issue of the Newsletter, incorporating some significant events during this period. Perhaps the most remarkable achievement during this quarter was the laying of the foundation stone of the much awaited Head Office building of the Anthropological Survey of India by the Hon’ble Union Minister of Culture and Housing & Urban Poverty Alleviation, Kumari Selja, on the 10th October 2012 at Salt Lake, Kolkata. This was indeed a dream fulfilled for me and my colleagues at the Survey. This was followed by the National Advisory Committee meeting on the 30th November 2012 under the Chairpersonship of Smt Sangita Gairola, Secretary, Ministry of Culture, Government of India, at Kolkata. The distinguished members of the Committee offered their suggestions in further improving the academic programs of the Survey. Sixteen new books were published during this period, besides the several issues of the in-house Journal of the Anthropological Survey of India, which were shown to the distinguished members. On the 11th December 2012, our North East Regional Office at Shillong celebrated the inaugural function of the Diamond Jubilee year (1953-2012), in which HE Shri R.S. Mooshahary, the Governor of Meghalaya was the Chief Guest and Professor A.C. Bhagabati delivered the Diamond Jubilee Lecture. In the afternoon, former Director of Anthropological Survey of India, Dr. R.K. Bhattacharya, delivered the 2nd Dr. B.S. Guha Memorial Lecture, which was attended by a large audience. Our Sub-Regional Centre at Jagdalpur put up an exhibition on Tsunami and participated in the Bastar Lokatsav Festival. There were several workshops on various themes organized under the auspices of our International School of Anthropology (ISA) for the benefit of our scholars as well as for others from universities and scientific organizations. On the whole, it was a very satisfying quarter for all of us here in Anthropological Survey of India. On behalf of all my colleagues and myself, I wish you a Merry Christmas and an eventful New Year.

Professor Kamal K. Misra  
Director
RESEARCH UPDATE

Particularly Vulnerable Tribal Groups (PVTGs)
Reports of the Particularly Vulnerable Tribal Groups (PVTGs) have been compiled to incorporate information on demographic features, literacy, progress in the implementation of Conservation-cum-Development Programmes etc. After three rounds of editing, pre-publication work of the Particularly Vulnerable Tribal Groups (PVTGs) is near completion. Preparation of an annotated bibliography on PVTGs is also underway.

Bio-cultural Diversity, Environment & Sustainable Development
While field work continued in Nasatra (Assam) and Sahajpur (West Bengal), a few more villages were taken up for study, including Bisipara (Odisha), Jamgod (Ramkheri) in Malwa (Madhya Pradesh), Ranawat Ki Sadi (Rajasthan), Nana Sanjha (Gujarat), Kunkeri (Maharashtra), Madhur Bhasha and Upper Pedong (West Bengal) and Mhaisa Tibba (Himachal Pradesh).

Man & Environment: Biosphere Reserve studies
A four member team of research personnel, over a six week intensive field work, collected data on sustainable utilization of forest resources, forest dependency, livelihood pattern and health and nutrition from 16 Kani settlements inside the Agasthyamalai Biosphere Reserve. A guideline for the study was developed through a consultative workshop as per the requirements of the forest department, local communities and other stake holders.

A five member team of research personnel has initiated the first phase of field study in the Dibru-Saikhowa Biosphere Reserve to document the cultural diversity as it exists in and around the Biosphere Reserve to understand the anthropogenic pressure on the existing biodiversity.

DNA Polymorphism of the Contemporary Indian populations
A total 1600 male samples from 32 communities have been taken up for the study of Y-SNP work in the SRC's DNA Laboratory. Eight scholars from SRC, WRC and NWRC are involved in this round of massive screening. Around 1161 samples have so far been resolved for various haplogroups and about 400 samples are in the processing stage for various other primers.

Two researchers from the NWRC, Dehradun have collected data and blood samples (132) from the Bhotia of Pithoragarh district, Uttarakhand. Analysis is underway.

CBC count, blood grouping and DNA isolation of 142 Jain samples has also been initiated in the NWRC, Dehradun.

Genetic and Biochemical Markers of Type 2 Diabetes: A Case-Control study among South Indian Population
Taqman assay for SNP genotyping was done for 190 samples for 10 primers on RTPCR.

Molecular Evaluation of leptin and leptin receptor gene for its association with obesity in an Indian population
Taqman assay for SNP genotyping was done for 570 samples for 10 primers on RTPCR.

Biochemical and Genetic Markers of Dyslipidemia and associated risk factors: A study on Kodavas
DNA extraction was completed for 324 samples while 50 samples were checked for their quality and quantity and 324 plasma samples were analyzed for Homocystine (Immulite Analysis).

People of India: Bio-cultural Adaptation in North East India
A reconnoiter tour was undertaken among the War Jaintia in Darrang village, Jaintia Hills, Meghalaya for setting up of a field camp.

Community Genetics and Health: Sickle cell anaemia and Thalassemia in central India, Nagpur city, Maharashtra
Two screening programmes were held and the collected blood samples are being analyzed.
EVENTS

Research Methods and Techniques in Anthropology
A workshop-cum-training programme on Research Methods and Techniques in Anthropology was organized from 3rd to 6th October at the IGRMS, Bhopal under the auspices of the International School of Anthropology, An.S.I. Resource personnel, Prof. P. C. Joshi and Prof. V. K. Srivastava of Delhi University delivered lectures along with some officials of the An.S.I. during the programme.

Audio-Visual Documentation
The Centre for Visual Anthropology of the Anthropological Survey of India has organised a Training Programme “Audio-Visual Documentation” under the auspices of the International School of Anthropology at the ERC, Kolkata from 1st to 7th November. Research personnel from different Regional Centers were exposed to theoretical and practical aspects of documentation and methods thereof, as a part of their research work. Inaugural session was chaired by Prof. K.K.Misra, Director and the key-note address was delivered by Prof. Gautam Bhadra. Faculty and resource personnel were drawn from among film school teachers, veteran documentary film makers and officials of the Anthropological Survey of India.

National Advisory Committee meeting
The National Advisory Committee of the Anthropological Survey of India met, on 30th November, at the ERC, Kolkata. The meet was chaired by Mrs. Sangita Gairola, Secretary to the Govt. of India, Ministry of Culture. Minutes of the previous meeting were approved and the action taken report was presented by Prof. K.K.Misra, Director. The meeting was also attended by the senior officers of the An.S.I.

Diamond Jubilee, NERC
The year-long Diamond Jubilee celebrations of the NERC, Shillong was inaugurated by the Governor of Meghalaya, Shri R.S.Mooshahary. While noting the contribution of the North East Regional Center, Shri Mooshahary suggested a few new directions it could take in the coming years. Prof. K.K.Misra, Director of the Anthropological Survey of India lauded the visionary nature of the Founding Director, Dr.B.S.Guha who was instrumental in establishing the Center and took note of the strides made by the NERC in the past sixty years. Dr.R.K.Bhattacharya, formerly Director of the Anthropological Survey of India delivered the second Dr.B.S.Guha Memorial Lecture, on the occasion.
Sub-Regional Center, Jagdalpur

The Sub-Regional Center of the Anthropological Survey of India has organised an exhibition “Tsunami: Disaster of 21st Century” at Jagdalpur from 16th to 26th October. In the Dussehra Exhibition organised by the Survey at Jagdalpur, Shri Raman Singh, Chief Minister of Chhattisgarh has awarded a consolation prize and a certificate to the Survey. Another programme, Bastar Lokotsav Festival, held at the same station was visited by a number of prominent persons of the area including the VIPs and others.

Executive Committee meeting

The Executive Committee meeting of the Anthropological Survey of India was held on the 12th of December at the NERC, Shillong. A review was made of the research projects, under implementation in the An.S.I. and the expenditure as well as funds position was reviewed in respect of the Head Office, Regional Centers and the Sub-Regional Center.

Exhibition of Paintings

A solo exhibition of paintings from tribal India, entitled Celebrating Indian Heritage by Shri Anup Girir, the artist-in residence at the Anthropological Survey of India was inaugurated for the public, by Prof. K.K.Misra, Director of the An.S.I. at the Jehangir Art Gallery, Mumbai on 25th December.

Young Scientist Award

Dr. P.N.Venu Gopal has received the Young Scientist Award for his research paper “A Novel 39 bp deletion in P4HA3 associated with Spondylo Epi (Meta) Physyal Dysplasia Handigodu type (SEMDDH)” during the “38th Annual Conference of the Indian Society of Human Genetics and International Symposium on Developmental and Complex Disorders”.

Appointment

Shri Maishnam Rustam Singh, Shri Yunnam Momo Singh, Shri Reddy Narasimha Naidu, Smt. Nandini Bhattacharya, Smt. Kool Mukherjee, Smt. Yikham Gogoi, Shri Chandra Sekhar Roy, Shri Venugopal, P.N., Shri Shiv Kumar Patel and Shri Poturi Nani Babu were selected as Research Associate (Physical) for appointment in the Anthropological Survey of India.

Departmental Promotion

On the recommendations of the Departmental Promotion Committees, fourteen employees have been promoted. Shri G.C.Ojha was promoted from the position of Research Associate to Assistant Anthropologist (Cultural); Shri Sudip Kumar De, Smt. Dipti Nath from Stenographer Grade II, Shri V.V.Chetiar, Shri A.K.Minz & Smt. Dipali Bhattacharya from Assistant...
to Office Superintendent; Smt. Indira Jain, Shri K. Senthivel, Shri Biplab Mondal, Shri Shankar Chatterjee, Shri Soumen Das, Shri Animesh Kumar Pal, Smt. J. Paswett and Shri PG Mozarkar from Lower Division Assistant to Upper Division Assistant. And in addition, Shri M. Guru Santha has joined as the Statistical Investigator, Grade I.

**Superannuation**
During the last quarter of 2012, Shri T. W. Waghmare (October), Dr. S. Patil, Dr. P. K. Guha & Shri V. V. Chettiar (November), Dr. B. Francis Kulirani, Dr. Amitabha Sarkar, Shri G. C. Ojha, Smt. Gitanjali Barua, Smt. Dipali Bhattacharya & Smt. Minakshi Chakraborty have retired from the active Government service, on attaining the age of superannuation during the months given in the parentheses.
